SKILLS

- Soft Skills:
- Problem Solving & Prioritization
 - Effective Communication & Time Management
 - Collaboration & Teamwork
 - Leadership & Mentorship
 - Agility & Adaptability
 - Analytical Thinking

- Technical Skills:
- Programming Languages:** Python , Java
 - Web Tech:** HTML, CSS, Bootstrap, Tailwind, JavaScript, MERN
 - Database Management:** MySQL
 - Tools:** VS Code, Git, GitHub

CERTIFICATIONS & ACHIEVEMENTS

- Inheritance and Data Structures in Java Coursera
- Introduction to HTML,CSS & JavaScript Coursera
- TCS iON Career Edge – Young Professional (TCS)
 - Covered key soft skills including communication, presentation, resume writing, interview techniques, and IT fundamentals.

PROFILE

Dedicated and detail-oriented software developer skilled in developing responsive and scalable web applications using modern technologies and frameworks. Proficient in JavaScript, Python and React, with experience in full-stack development, database management, and secure authentication systems. Enthusiastic about integrating Machine Learning (ML) and Artificial Intelligence (AI) to deliver intelligent, data-driven solutions. Seeking an opportunity to contribute technical expertise, creativity, and problem-solving skills to a forward-thinking organization, while continuously enhancing professional growth.

PROJECTS

UrbanWagon - An E-Commerce Platform

- Developed a full-stack e-commerce website for clothing and accessories using MERN stack.
- Implemented secure user authentication and payment integration with Razorpay and Google login.
- Built product catalog, shopping cart, and order management system for seamless user experience.
- GitHub Repository:** Dhruvi3003/UrbanWagon--AI-Driven-Ecommerce-Website

Collaborative Task Management System

- Tech Stack: Python, MySQL, Tabulate, Rich Library
- Implemented full CRUD functionality for tasks with filtering by milestones and priority.
- Designed secure login system with password protection using getpass.
- Enabled tracking of task history, comments, and status updates.
- GitHub Repository:** Dhruvi3003/Collaborative-Task-Management-System

Train.ai - No Code Machine Learning Platform

- Built a no-code machine learning platform enabling users to train, evaluate, and share models without programming.
- Implemented support for multiple algorithms including Linear Regression, Decision Trees, KNN, and Random Forest.
- Integrated interactive analytics and visualizations such as accuracy metrics, feature importance, and ROC curves.
- GitHub Repository:** [Dhruvi3003/Train.ai](#)

EDUCATION

Bachelor of Engineering (B.E.) - Computer Engineering 2023-Present
LJ University | Expected Graduation: 2027 | Current SPI: 9.83

Higher Secondary Certificate (HSC) 2023
Phoenix School | Percentage: 87%
